Miss Camelback

Since the early years of Scottsdale High School, the Miss Camelback ceremony has been an annual tradition. She represents the high ideals for which she is chosen-devotion, service, leadership, attitude and personality-and it is through her merits that the school is enriched. A committee, consisting of representatives from Publications, Students and Administrators met to select three finalists on the basis of the above ideals. The ballots of yearbook purchasers determined the senior girl who would reign as Miss Camelback. Her identity was revealed and her coronation held at a special ceremony towards the termination of the school year.

Homecoming King and Queen

A day set aside as Homecoming Day was okayed by Student Council in 1951. Included in the Homecoming Day was a Homecoming King and Queen, a parade, a football game, and a dance. Former Scottsdale students returned to their alma mater and came to both the dance and game, but the big reunion took place in the cafeteria. Each year a new theme was chosen for Homecoming and each class decorated a corner of the gym to fit the title. This contest is a tradition that is still carried on in a sense. In the beginning years, Homecoming was an honor for one of the top football players and generally a cheerleader or pom girl.

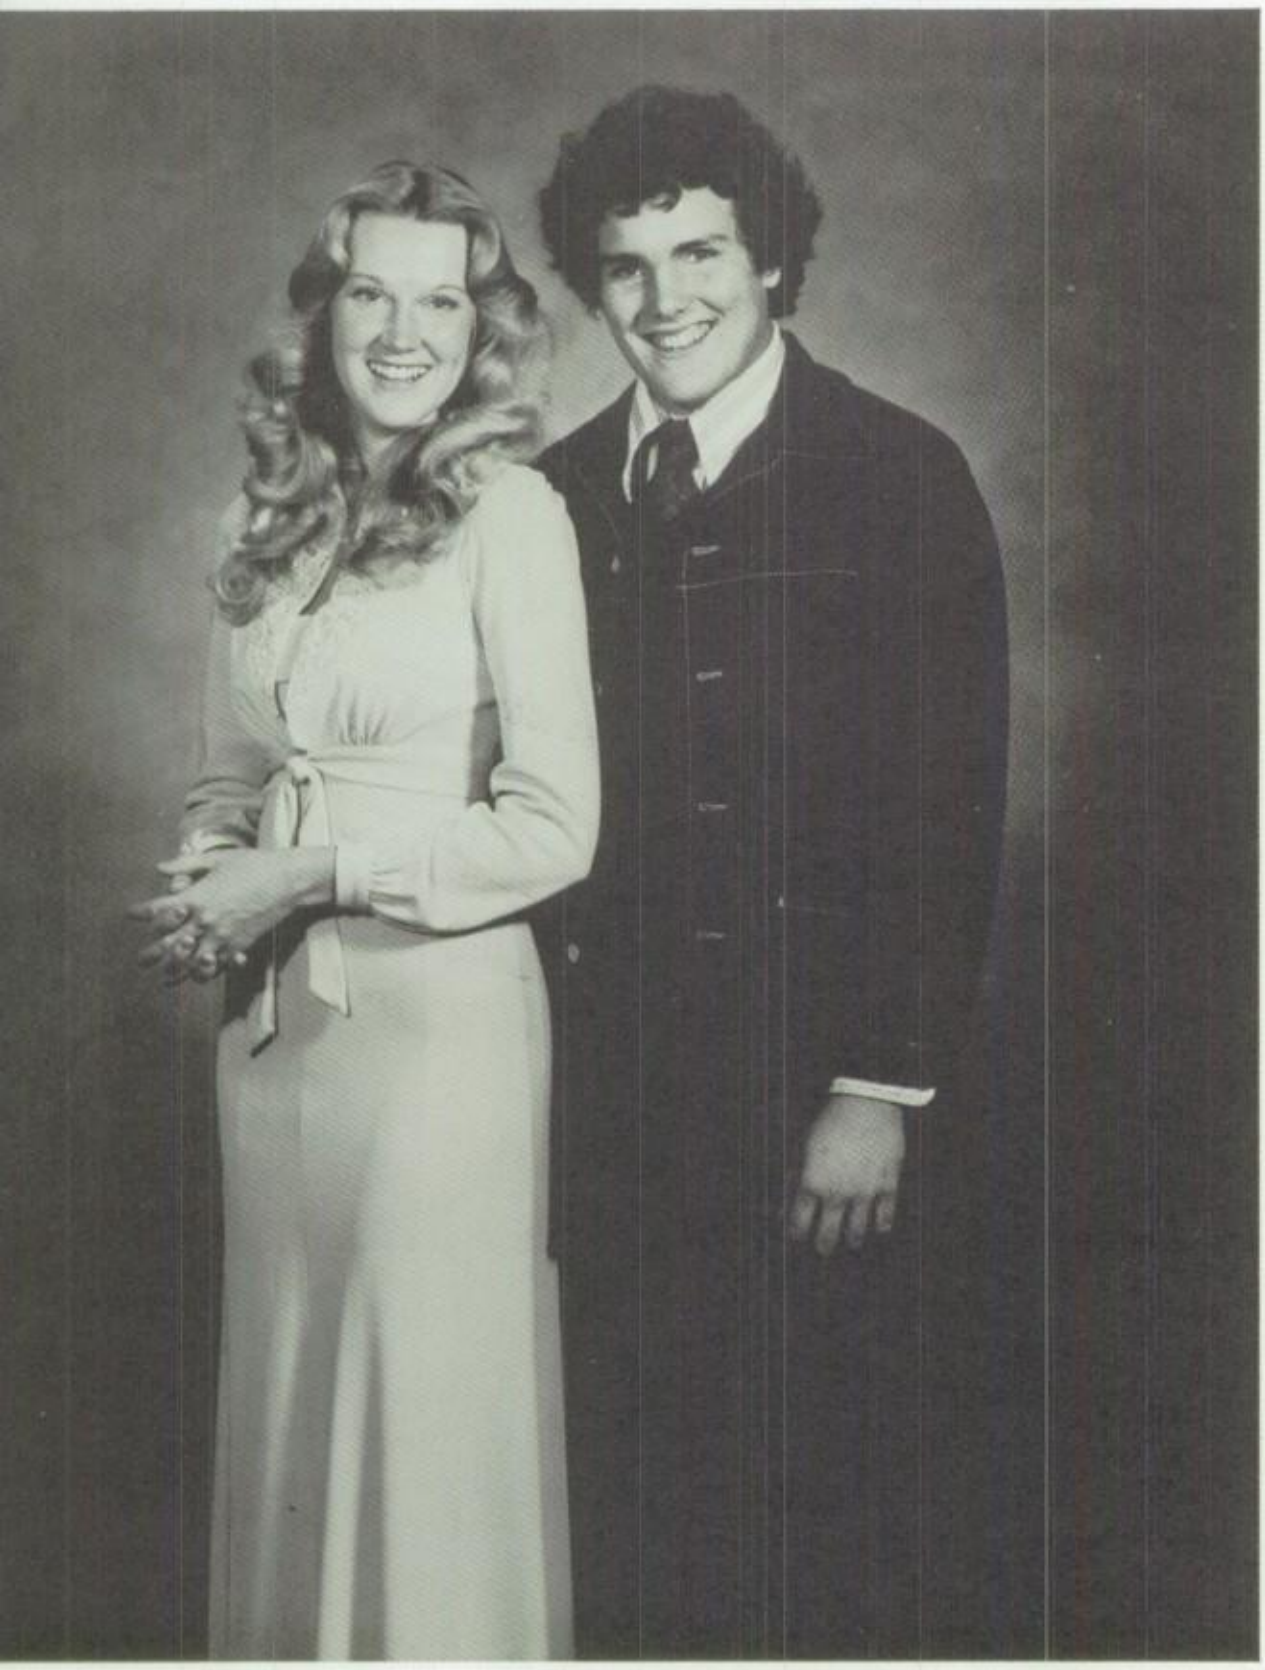
King and Queen of Courts



Kenneth Wilson and Lana Rowley
King and Queen of Courts

Queen of Courts, a tradition initiated in 1959 by Student Council, featured the crowning of a senior girls, who possessed high standards of character and devotion to her school, and had actively supported Scottsdale's athletic events. The basketball team chose three candidates for this honor, as well as the queen, who was crowned in a half-time ceremony by the team's captain. In 1969, through the initiative petitions of the student body, the students requested and were allowed to institute a King of Courts. This was done to honor the basketball players as the football players were honored through Homecoming.

This is not primarily the place where we have to be,
it is the place where we are.

This is not our prison but our home. It is the road we
must walk and the walking of it is called life.

Because we will walk it only once, then how important
it is that we should walk it with some purpose that we
can call our own.
